John Sinclair - Episode 12 - Gabriel Conroy 2016-09-27
The forces of darkness are gathering. All they need is the soul of John Sinclair... Cascabel is a deformed creature who lives on human flesh - despised, desperate, and hunted. The "Great Sourette" is a failed stage magician at the very end of his life. When their paths intersect, a dark plan is set in motion, a plan that brings them to Samdon Isle, a small cluster of rocks near the coast of Scotland. Here, underneath the twisted ruins of a forgotten castle, lies a gateway to the underworld. All they need now is John Sinclair - their messiah. Only his soul can open the gate and unleash hell on earth... Detective Chief Inspector John Sinclair works for Scotland Yard’s Special Division, an elite unit that deals with extraordinary cases. DCI Sinclair is a battle-hardened veteran of Afghanistan, a man who’s been to hell and back. This time, he’s not just fighting to save our world. He’s fighting for his soul... "John Sinclair" is the reboot of Europe’s longest running horror series. Originally conceived in 1973 and still running strong, the "John Sinclair" novellas are firmly rooted in the finest pulp tradition, true page turners with hair-rising tension, exquisite gore, and a dash of adventure. "John Sinclair" combines the dark visions of Stephen King, Clive Barker, and the "X-Files" with the fast-paced action and globe-trotting excitement of James Bond. "A hero so suave and dashing, he makes James Bond look like a grubby detective sergeant, a plot that reads like it came straight from the great vaults of Hammer, and enough action and derring do to keep even the most ardent pulp fan smiling with glee... Highly recommended." Ginger Nuts of Horror.

The Women in James Joyce's "The Dead" and in John Huston's filmic adaption - Lena Spiekermann 2011-10-21

Seminar paper from the year 2008 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: 1,3, Ruhr-University of Bochum, course: Ireland, North and South, in Film, language: English, abstract: James Joyce’s Dubliners is a famous collection of short stories, which introduces its readership to the life of Irish middle class people at the beginning of the 20th century. Especially the final of these short stories named The Dead, which simultaneously is the longest, received a brought reception. It is "the story of Gabriel Conroy who attends the Christmas dinner party of his aunts, the Morkans, accompanied by his wife Gretta" (Brannigan 56, 57). Here, he is confronted with his pro-British existance, in contrast to some nationalist attitudes. In the end, he discovers that his wife fell in love with a boy in Galway once, who died, and that their relationship is not, and never was, as passionate as he wants it to be. In general it can be said that “Joyce presents people in their relation to both nationalism and love” (Manganiello 94) It arouse interest over seventy years after its first publication, when John Houston made it into a movie in 1987. This essay will analyze the changes that happened through the conversion from short story to film. Because the paper has a limited number of pages, the special focus will be on the women Gretta Conroy, who is next to her husband Gabriel the main actor, Miss Ivors, who stays in mind because of her strong feelings for her home country Ireland and Lily, a minor character but the first woman appearing in the story. After giving a description of their characters in the novella, the third chaper of this paper will deal with these women in the movie. It will be shown that they nearly all went through a kind of transformation and, in contrast to Joyce’s outline, were strenghtened by John Houston in various respects.

When an elderly hairdresser finds a severed head in the middle of a coastal road, an extraordinary sequence of events begins... and a small town in Cornwall is plunged into a terrifying nightmare. Detective Chief Inspector John Sinclair

"[...]strength will last until we can send relief; while they would sink in the attempt to reach it with us. I would go alone, but I cannot bear, dear Grace, to leave you here." **The Dead** - James Joyce 2022-05-18

Considered as one of the greatest short stories in the Western Canon, James Joyce's complex narrative "The Dead", explores the intricate issues of identity and power through the lens of language, patriarchy, and imperialism. These issues are directly tied to the longstanding political turmoil of his native Ireland and the social questions of his day. Joyce's story reveals that we often achieve what we tried to avoid by pretending to be what we are not. At 15,672 words The Dead is often considered a novella and the best of Joyce's shorter works. James Augustine Aloysius Joyce (2 February 1882 – 13 January 1941) was an Irish novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for Ulysses (1922), a landmark work in which the episodes of Homer's Odyssey are paralleled in an array of contrasting literary styles, perhaps most prominent among these the stream of consciousness technique he perfected. Other major works are the short-story collection Dubliners (1914), and the novels A Portrait of the Artist as a Young Man (1916) and Finnegans Wake (1939). His complete oeuvre also includes three books of poetry, a play, occasional journalism, and his published letters.

An Analysis of the Short Story 'The Dead' by James Joyce - Thorsten Klein 2007-11

Seminar paper from the year 2000 in the subject English Language and Literature Studies - Literature, grade: 1,0, University of Flensburg (Englisches Seminar), course: Literature, Culture and Politics in Modern Ireland, language: English, abstract: Opening remark Dubliners is a study on human behaviour, human values and communication. The book describes and brings to life the city of Dublin, the hometown of James Joyce, at the beginning of the twentieth century. The collection is a mix of social realism and literary imagination. Each of the 15 stories is set against a background of real names, streets, shops, pubs and icons. It also comes alive through the biographical references to Joyce's life. That is the reason why I decided to place the biography of James Joyce before my analysis in this paper. I chose the story The Dead because it seems to stand out of the short-story collection Dubliners. The Dead had not been composed when Joyce divulged that the course of the collection must be seen under the loose-knit general plan of a human lifecycle: childhood, adolescence, maturity and public life. The story also stands out of the collection because of the story's length, tone and positioning in the book. It was the last story he wrote for Dubliners in 1906/07, when he had already left Ireland. Before that, it was obvious that Joyce was very sceptical of the Irish Renaissance and the
Irish literary revival, although the revival's outstanding poet, W. B. Yeats, influenced Joyce's writing in the first years. He felt Ireland's future lays within the European intellectual and cultural community. Joyce became increasingly impatient with Ireland's parochialism and turned toward Europe, he and his wife Nora moved to the Continent. Now a change of attitude towards Ireland and Dublin, manifested in the story The Dead, can be observed. He wrote his brother Stanislaus in a letter the whole collection of Dubliners would be incomplete without this new feelings toward his home
